

IST RECOGNIZED ON IAOP'S GLOBAL OUTSOURCING 100 LIST

June 30, 2009

Atlanta, GA – IST Management Services, one of the fastest-growing, privately-held facilities management companies in the United States, has been recognized on IAOP's Global Outsourcing 100 List as a Rising Star and one of the best companies providing facility services. Companies were judged on four critical characteristics: size and growth; customer references; organizational competencies; and management capabilities.

“At a time when companies that outsource are scrutinizing their suppliers more closely than ever to ensure they are delivering the high quality, value-added results being sought by customers, The Global Outsourcing 100 and The World's Best Outsourcing Advisors have become even more valuable reference tools for companies seeking to work with the best providers and advisors,” said **IAOP Chairman Michael Corbett**. *“The companies named on these lists and sub lists have demonstrated their expertise following a rigorous, independently judged process and represent the tops in the industry.”*

“We are honored to be recognized as a Rising Star and one of the best companies to offer facility services,” says Hal Blackman, IST's president and chief executive officer. “This recognition demonstrates IST's commitment to providing top-shelf service in the facilities management industry. Our proprietary, web-based software enables us to deliver high-tech solutions while reducing costs which is critical to our customer's needs.”

About IAOP

The International Association of Outsourcing Professionals (IAOP) brings together the world's leading outsourcing customers, providers and advisors in a powerful, active and growing global association to exchange thought leadership, share best practices and network to maximize their effectiveness using outsourcing as a management tool.

About IST Management Services

IST is a national facilities management company providing on-site mail and copy services as well as electronic document management software solutions. Founded in 1997, the company has operations in over 30 cities and is one of the fastest-growing facilities management companies in the U.S. Its web-based, proprietary software, IST Suite, provides ground-breaking advances in managing on-site facilities. The company is also a two-time recipient of the Human Resources Professional Excellence Award granted by the Society for Human Resource Management
